NUMBER 122.

OHIO LEGISLATURE

Shuts Up Shop After Being In Session Since Jan. 1.

AMENITIES IN BOTH HOUSES

Presiding Officers and Other Attaches Are Thanked.

THE PARTING SHOT BY MR. GRIFFIN

He Offers a Resolution In the House Instructing the Governor to Notify Other States That the Undertaking Has Been Blocked.

Columbus, O., April 16.—The regular session of the Seventy-fourth general assembly ended at noon. It was in session just 15 weeks. The lobby was filled with spectators.

Bills passed at the final session were the following: H. B., authorizing a \$40,000 bond issue for water works in Springfield; H. B., requiring low water column alarms on steam boilers; H. B., increasing the compensation of the members of the board of elections of Cincinnati, Cleveland and Toledo; H. B., requiring unincorporated banks to be taxed just as incorporated banks are; H. B., making the pay of circuit court constables in Lucas county \$400.

Governor Nash sent in the name of Arthur I. Vorys of Lancaster to succeed W. S. Mathews as state superintendent of insurance, and Frank L. Baird of Toledo to be state oil inspector for the Northern district, succeeding J. B. Lucky. The appointments were confirmed.

Mr. Craft's bill making 11 pounds the weight of a standard gallon of maple syrup was passed under suspension of the rules, and is a law.

Representative Bell's bill authorizing the sale of the Granville Female college was made into a law.

Senator Hanna's bill providing for the printing of 10,000 more copies of the "Ohio Statesmen and Hundred Year Book" was taken up and passed.

The senate concurred in the house amendments to Senator Howard's bill authorizing the Columbus sinking fund commission to borrow money at 6 per cent in anticipation of tax receipts.

The amendments to Dunham's park bill for Toledo, made by Mr. Griffin, and making it a "local measure," were agreed in the senate.

Griffin's bill to enable any savings and loan association having a capital of not less than \$200,000 to do business as a safe deposit and trust company was passed.

The Comings bill, providing that ice can not be cut for storage within the limits of municipalities without the consent of the boards of health, was passed and is now a law. Senator Lawrence declared it was a "loaded" bill, and intended to facilitate the formation of a natural ice trust. The state board of health worked hard for it.

The governor sent in the nomination of Charles E. Perkins of Summit county as chief engineer of the state board of public works, and it was confirmed.

Senators Patterson, Brorein and Wilhelm were appointed, on behalf of the senate, members of the joint committee under Mr. Middleswart's resolution, to inform the governor that the general assembly was ready to adjourn. The committee returned shortly and announced that the governor only desired to return thanks for the kindness and courtesy of senators to him.

At 11:15 a. m. Senator Brorein secured the floor, and on behalf of the minority of the senate thanked the presiding officer, Governor Caldwell, for his courtesy and fairness, and presented him with a fine cane, suitably inscribed, and an umbrella. Governor Caldwell responded feelingly. Other gifts were made and extra pay voted to some of the attaches.

Just before the final adjournment, the senate took up and defeated the McCormick bill to make the auditor, secretary of state and attorney general a commission to pass on claims against the state, and defeated it.

In the House.

Several handsome bouquets adorned the speaker's desk and quite a crowd witnessed the closing exercises in the house.

Senator Hanna's bill for printing 10,000 copies of Taylor's "Ohio Statesmen and Hundred Year Book" was passed. This was the last bill passed by the house for the session.

An unsuccessful attempt was made

to reconsider the vote by which the house passed Senator Middleton's bill, providing that complaints of omitted Dow tax may be made to probate courts.

Speaker Reynolds appointed as the commission to ascertain the amount of licenses unlawfully collected from fishermen Dr. Love of Erie, Mr. McKinnon of Ashtabula, Mr. Magee of Ottawa, Senator Dunham and Senator Mitchell.

On motion of Mr. Finck, Speaker Reynolds was authorized to appoint a committee of three or a joint committee of the two houses to make arrangements for a legislative reunion Feb. 19, 1901.

The house reconsidered its vote by which the Sheppard bill for leasing the berne banks of canals was defeated Saturday, and passed the bill upon the explanation of Mr. DeRan that the board of public works is authorized to make oil leases only, and not leases of right of way for railways.

Just before final adjournment, Mr. Griffin offered the following resolution: "Resolved, That the governor of the state of Ohio be and is hereby authorized and directed to notify the governors of each of the other states of the Union that, on account of factional politics and the poverty of the state, the 'Ohio Centennial and Northwest Territory Exposition' has been abandoned, and withdrawing the invitation of the state of Ohio to the other states of the Union to participate therein."

Mr. Swain of Hamilton, who was in the chair, ruled the resolution out of order, as being irrelevant.

There will likely be no centennial celebration at Toledo. Mr. Griffin moved that the rules be suspended and that the house consider the resolution adopted by the senate, to authorize Governor Nash to appoint a new commission of 11 members to supersede the centennial commission, and use the \$500,000 appropriated in the general appropriation bills in carrying out the plans formulated by the commission.

The house repudiated it by a vote of 83 nays to 7 yeas.

There being no commission authorized to expend the money carried in the appropriation bills the \$500,000 appropriated for the exposition fails to the ground, unless by a liberal construction of the statutes creating the old commission that body can proceed with the enterprise—if Toledo is willing to go ahead under the circumstances.

A desperate attempt was made to kill the 8-hour bill, which passed the senate with amendments Saturday. The bill could not be found when it should have come up for concurrence in the senate amendments. Mr. Davis, fearing that some one had stolen the engrossed copy, gave the clerks notice that he wanted the bill produced or another engrossed copy prepared within 30 minutes.

As the original engrossed copy could not be found another engrossed copy was prepared, the senate amendments were concurred in and the enrolled copy was signed, so that the 8-hour law is in effect.

It was 11:45 when the clock was stopped. According to private chronometers it was 1:40 o'clock when the last message was received from the senate, the passage of the Heywood vehicle tax bill for Columbus, and the bill was passed.

Tributes were paid to Speaker Reynolds and other officials of the house, including Colonel Fred Blenkner.

The last bouquet was thrown at the newspaper representatives who were accorded the privileges of the floor in a resolution by Mr. Heywood, thanking the press for the fair and impartial manner in which they had performed their services. Speaker Reynolds added a word of compliment to the resolution.

Death of Rev. Rutledge.

Jacksonville, Ills., April 16.—The Rev. William J. Rutledge, 86, of Jacksonville, Ills., one of the most widely known Methodist ministers in the west, died. He is credited with being the first to suggest the idea of the Grand Army of the Republic, which was afterward carried into effect by Dr. F. Stevenson.

Orientals Arriving.

Victoria, B. C., April 16.—Japanese are still pouring in here. The steamer Rio Jun Marue brought 1,000 and the big liner Godwin 100. The steamer Milos is expected with 80 more, and the Braemer at the end of this week with over 700. The labor leaders are agitating against this great influx of Orientals.

Youngstown, O., April 16.—By an explosion of molten metal at the furnace of the Ohio plant of the National Steel company James Johnston, Wallace Alexander and Prokett Smith were probably fatally burned. The explosion was caused by the hot metal flowing into a water trough.

DATE OF HEARING SET.

United States Supreme Court to Consider Kentucky Cases.

STATEMENT FILED BY BOTH SIDES.

On Last Day of the Present Month, the Federal Tribunal Will Hear the Arguments of Attorneys.

Washington, April 16.—The cases involving the Kentucky governorship were docketed in the United States supreme court.

A brief statement, in which counsel for both Taylor and Beckham joined, was filed at the same time, asking for an early hearing. In this agreed statement, it is set forth that both Taylor and Beckham as governors, John Marshall as lieutenant governor on the Republican side, and L. H. Carter as president pro tem of the senate, and John B. Castleman as adjutant general on the Democratic side, are each and all claiming the right to and are actually attempting to exercise the powers of the respective offices severally claimed by them, thus producing great confusion in Kentucky, by reason of the doubts as to which of the positions named has the lawful right to exercise the authority pertaining to the several officers named, all to the great injury and detriment of the people of the state.

The agreed statement then continues as follows: "Thus, under the constitution and laws of Kentucky, the governor of the state, in addition to being charged generally with the duty of seeing that the laws are faithfully executed, is also specially charged with the duty and invested with the power of filling many important offices in the state by appointment, some by original appointment and others by appointment to fill vacancies, and also with the power to issue commissions to many officers, whether appointed by him or elected by the people, and also with the power to issue pardons and to remit fines and forfeitures.

"Both plaintiff in error, William S. Taylor, and defendant in error, J. C. W. Beckham, are claiming the right to perform all the functions of the aforesaid office of governor, and each of them has actually attempted to perform many of the said functions, such as for example as issuing pardons and filling offices by appointment, etc.

"Some of the officers of the state recognize the acts of the plaintiff in error, William S. Taylor, as the lawful acts of the governor of the state, and refuse to recognize similar acts of defendant in error, J. C. W. Beckham; while other officers of the state recognize the acts of J. C. W. Beckham as the lawful acts of the governor of the state, and refuse to recognize the acts of William S. Taylor as such governor.

"By reason of all these facts and others which might be enumerated, it is of the utmost importance to the people of the state of Kentucky that the question of the right to office involved in the aforesaid litigation be determined. The question of law involved in said causes are of very great and grave importance, involving the nature and extent of the powers of an election contest tribunal, and the powers of the judiciary, with relation thereto."

Mr. Louis McQuown appears as attorney for Beckham and others of the Democrats, while Helm Bruce appears as attorney for Taylor and other Republicans.

The supreme court advanced the case to be heard on the 30th instant, and gave each side four hours for argument.

Choice Coal Land Secured.

Pittsburg, April 16.—The largest remaining tract of drift coal in the Pittsburg district has just been purchased by the Mirland Coal company, and the property will be developed extensively at once in the interest of the recently organized American Sheet Steel company. The tract includes about 3,000 acres of the choicest steam coal near Pittsburg, and was secured at a cost of \$300,000. A railroad will be built into the property and \$100,000 will be spent in its development. It is expected that within four months 2,500 tons of coal will be mined daily and shipped to various mills.

YORK, Pa., April 16.—Easter gifts aggregating \$30,000, donated for the work of church extension, were announced here by General Secretary Rev. H. H. Weber of the board of church extension of the general synod of the Evangelical Lutheran church in America. These gifts are in the shape of special loan funds, just founded, and are to be used exclusively in the territory west of the Mississippi river.

NAME OF HILLIS

Dropped From the Rolls of the Chicago Presbytery.

Chicago, April 16.—With only one dissenting vote the report of the committee to which was referred the request of Dr. Newell Dwight Hillis of Brooklyn, that his name be erased from the rolls of the Chicago Presbytery, was adopted by that body at its regular meeting.

The questions of Presbyterian doctrine raised by Dr. Hillis in his now famous sermon at Plymouth church, Brooklyn, did not, however, have any bearing on the acceptance or rejection of Dr. Hillis' resignation.

The committee, which was composed of Dr. McClure, president of Lake Forest university, and Directors Chester and Notman, reported that it had further correspondence with Dr. Hillis on the subject, and that in his second letter the Brooklyn divine had again asked that his name be erased from the rolls of the Presbytery. Dr. Hillis' first letter, the committee reported, allowed for differences of interpretation, and as circumstances did not admit of the proposition that a personal interview be held with Dr. Hillis, he was written in regard to a right interpretation of his letter, Dr. Hillis' request, therefore, that he be allowed to withdraw from the jurisdiction of the Chicago Presbytery was simply a matter provided for in the book of discipline, and without any debate the report was adopted.

The report admitted that chapter III, sections 3 and 4, of the Presbyterian Confession of Faith, were "sources of embarrassment," and not regarded as essential.

The threatened debate over Dr. Hillis' resignation is out of the way. The Presbytery, by an unanimous vote, adopted a set of resolutions offered by Dr. Herrick Johnson, president of McCormick Theological seminary, overruling the general secretary to appoint a committee to report on the general question of Presbyterian creed. Dr. Johnson explaining that resolutions did not commit the Presbytery one way or the other on the disputed questions of doctrine.

No Likelihood of Reduction.

Washington, April 16.—Information acquired as the result of inquiries among leading and influential members of the majority in congress in the course of the last week do not justify or encourage the belief that any serious effort to reduce the war tax will be made at the present session. It is barely possible that such an effort might be made as regards a few articles of taxation if it could be confined to them alone, but even that would not be probably in view of the near approach of a presidential campaign and election, and the general desire of the leaders of both parties the great political parties to bring the session to an end as early as practicable.

Inquest Postponed.

Chicago, April 16.—The inquest over the body of Rufus Wright, the millionaire bicycle tinsmith, who died from the effects of a bullet wound received Saturday night while in the apartments of Mrs. Louise Lottridge, at the Hotel Leland, was postponed until April 24. The postponement was made at the request of Police Lieutenant Perry, who said that Mrs. Lottridge was in a state of almost complete nervous prostration and not fit to testify in the case. Mrs. Lottridge had to be dragged by main force into the undertaking establishment, where the inquest was to have been held.

Hanna Is Not Sick.

Newport News, April 16.—The reports sent out from Norfolk to the effect that Senator Mark Hanna, who is staying at Old Point with Mrs. Hanna, Miss Hanna and Miss Wilson, their guest, had contracted a severe case of grippe and was confined to his room, is without foundation. The senator was tired on the first day of his stay at Old Point and refused to see any one. Sunday he was feeling all right, and accompanied by the women of his party, he took a stroll through Fort Monroe.

To Honor the Dead.

New York, April 16.—The General Society Daughters of the Revolution has entered upon a project to commemorate the heroes who lost their lives at Valley Forge. A plot of ground containing the grave of Captain John Waterman has been deeded to the society by Major O. H. Tood, on condition that a suitable monument be erected thereon to this officer, and the hundreds of patriots who lie in unmarked graves in the surrounding grounds.

Botha Consults Kruger.

Pretoria, April 16.—President Kruger keeps in excellent health. General Botha is here consulting with the government. The members of the Irish-American ambulance corps are treated as guests of the government.

THE USE OF DYNAMITE

Is Feared In Connection With Labor Riots at Croton Dam.

KNOWN MILITIA ARE ORDERED OUT.

The Prospects of the Appearance of Troops Greatly Increased the Spirit of Resistance Among the Strikers.

Croton Landing, N. Y., April 16.—Vague rumors of the intended use of dynamite by the strikers to break the old Croton dam and flood the Croton valley were current throughout the night, but so far everything is quiet and orderly.

There is no doubt the striking Italians are in possession of a lot of dynamite, and they are accustomed to the handling of the explosive. The old dam is entirely unprotected. When the result of the conference at New York was circulated among the men last night, and they knew that the militia was ordered here, the spirit of resistance visibly increased, and the recognized leader of the strikers made the boast that the fight would be continued until the men got what they demanded.

A meeting of the strikers was called for 4 a. m., but only a few of the leaders turned up at the appointed place, Bowery bridge, which is just below the works.

They talked excitedly with one another and then return to their homes along the Bowery, seemingly without having agreed upon any plan of action. It is certain, however, that the Italians will prevent work being resumed. Just as soon as the slightest movement is made on the part of the contractors to resume the work the watchers on the hillside will give the alarm and the rush of Saturday morning will be repeated.

It is generally understood that the men will keep away from the dam when the military arrives here. They have money enough saved to keep them for several months, and as soon as the soldiers go away they will renew their interference and do a lot of damage.

There are several boat loads of cement lying at the docks here, and it is needed badly to continue the work of building the new dam.

It was learned that applications for warrants for the arrest of the leaders had been made and arrests may occur at any time.

About 8 a. m. 150 of the strikers gathered on the top of the hill near what is called "Little Italy," and they were talked to in Italian by the leaders. About 40 of the men on the hill were armed with rifles and shotguns. Many of the others carried revolvers, and two of them had hatchets. The leaders refused to talk with reporters of their plans.

Everything in the valley below was at a standstill. There were over 200 deputies scattered around the works near the new dam.

CONFlicting NEWS

About the Conditions of Contending Armies at Wepener.

London, April 16.—Conflicting reports have been received regarding the conditions at Wepener, but at this hour there is no definite or important news from the front.

A Cape Town dispatch says nearly 3,000 horses have been landed there since April 13, which indicates that every effort is being put forth to remedy the great defect in the British organization.

The chief Boer delegate, Fischer, accompanied by Dr. Leyds, visited the president of the Dutch cabinet at The Hague, but the doings of the delegates create little speculation in England.

Frederick Villiers, the veteran war correspondent, who arrived at Southampton from the front, said he believed the worst of the war was over, but that guerilla warfare would continue for some time.

An official bulletin issued at Pretoria April 13 reports that the burghers captured 500 slaughtered oxen at Wepener, and that General Froneman that day defeated the British, causing them to fly in the direction of Wolverport, apparently over the Orange river.

Pittsburg, April 16.—Work was continued all night at Essen Mine No. 3, at Hazleton, to check the flames which have been raging since Friday. Two forces of men continue to work, one in the daytime and the other at night. The flames have not spread any since Saturday. State Mine Inspector James Bick stated that the mine was gaseous and the work going on now would be continued with caution. The

At the late election Mayor Rose, Democrat, swept Milwaukee, defeating his adversary by 6,000 majority. He gives it as his opinion that the Democrats will carry the State this fall.

COST OF IMPERIALISM.

Gradually the cost of imperialism is beginning to make an impression upon the minds of the people.

Not a year ago General Otis was confident that 30,000 men would be amply able to end the Philippine war.

Now there are 75,000 men in the field and some believe the war is no nearer an end than it ever was. Indeed, it is alleged that more regiments must be sent to the seat of war this summer.

Secretary of War Root, in his report to Congress, says the war has cost up to the date of his report, "only \$48,000,000."

But the estimates for carrying on the conflict call for an expenditure of \$120,000,000 during the coming year. Less than two years of war will, it is asserted, cost the United States more than \$200,000,000. This is paying rather dearly for the whistle, as Ben Franklin used to say.

"Taking into account all the incidents of the war," says an exchange, "it is estimated that the total expense will reach the enormous sum of \$291,589,000. Thus it appears that the experiment of imperialism on the part of the United States is proving extremely expensive.

WORSE THAN ROBBERY.

The following statistics, collected by Mr. Henry W. Lamb, President of the New England Free Trade League, showing the difference in price in England and the United States of products manufactured by trusts protected by a tariff, are evidence of the widespread influence which these tariff protected trusts exert in repressing subsidiary manufactures which use their raw materials and in taxing the consumer. Do not forget in your perusal of the table following that the English prices contain a profit for both manufacturer and jobber:

| U. S. Eng. | Article. | Quantity. | Price. | Price. |
|-------------------------|----------|-----------|--------|--------|
| Lead..... | 100 lbs. | \$4.70 | \$3.64 | |
| Litharge..... | lb. | .08 | .04 | |
| Wire (smooth)..... | 100 lbs. | 3.05 | 2.50 | |
| Barb wire (galv'd)..... | 100 lbs. | 3.80 | 2.39 | |
| Wire nails..... | 100 lbs. | 3.38 | 2.55 | |

| Castor oil..... | lb. | .12 | .066 | |
| Caustic soda..... | 100 lbs. | 2.42 | 1.84 | |
| Cement (Port best)..... | bbl. | 2.25 | 1.11 | |

"In every case," says an exchange, "the United States places a duty on the product named which keeps out foreign manufacturers and has enabled American manufacturers to combine into trusts. In many cases the American manufacturers ship the products enumerated above to England and sell there at the lower prices, while American consumers are obliged to pay the higher prices made possible by the tariff."

"Many of the products named are used as raw materials by American manufacturers in their processes. They exist in this country as nature's products and yet are "protected" when they are owned by syndicates and combinations. Obliged to pay higher prices for their raw materials, they are hopelessly handicapped in competing with English manufacturers and forced out of foreign markets entirely."

"The repeal of the tariff which protects these trusts would instantly bring the price of their product to the level of the price in England, with the cost of transporting the product to this country added. So far as protection is needed every sane man knows that the ocean distance between Liverpool and New York and the railway distance between that point and the interior, with its accompanying freight rates, is more than sufficient for the purposes for which a tariff, outside of revenue, is levied. The party which declines to take this simple action to repress these trusts is responsible for the resulting condition."

A Powder Mill Explosion

Removes everything in sight; so does drastic mineral pills, but both are mighty dangerous. Don't dynamite the delicate machinery of your body with calomel, croton oil or aloes pills, when Dr. King's New Life Pills, which are gentle as a summer breeze, do the work perfectly. Cures headache, constipation. Only 25¢ at J. James Wood & Son's drug store.

Mr. HALL STRODE now has a position with the C. and O. at Newport News.

BY HIS OWN ACT

President McKinley Proclaims Himself King and Assumes Imperial Powers—A Conqueror With Autocratic Prerogatives.

[New York Journal.]
Hail McKinley, King of Porto Rico. His "plain duty" is plenary power.

These are the prerogatives the President took to himself when he signed the bill making Porto Rico a conquered province.

He (McKinley) appoints the Governor.

He (McKinley) appoints the Executive Council.

He (McKinley) appoints the higher branch of the Legislature, a majority of whose members may be citizens of the United States.

He (McKinley) appoints the Judges.

He (McKinley) appoints the officers who select the men to fill every appointive office.

He (McKinley) has power to kill any legislation by means of the veto of his appointee, the Governor.

He (McKinley) has power to grant all franchises through his appointees, the Executive Council.

The people are taxed without representation in Congress and without representation in the controlling branch of the Insular Government, except at the pleasure of the President.

The people are allowed to elect only the members of the lower House of the Legislature and one Commissioner to the United States.

These officers are to be appointed by the President for terms of four years:

A Governor at \$8,000 a year.

A Secretary of the Council at \$4,000 a year.

An Attorney-General at \$4,000 a year.

An Insular Treasurer at \$5,000 a year.

An Auditor at \$4,000 a year.

A Commissioner of the Interior at \$4,000 a year.

A Commissioner of Education at \$3,000 a year.

A Chief Justice of the Supreme Court at \$5,000 a year.

Four Associate Justices of the Supreme Court at \$1,500 a year each.

A Marshall of the Supreme Court at \$3,000 a year.

A United States District Judge at \$5,000 a year.

A United States District Attorney at \$4,000 a year.

A United States District Marshal at \$3,500 a year.

Three members of a Commission to codify the laws of the island at \$5,000 a year each.

Five members of the Executive Council, whose salaries are to be fixed by the Porto Rican Legislature.

The Porto Ricans are allowed to name: One Commissioner to the United States at \$5,000 a year.

Thirty-five members of the lower House of the Legislature, who will be paid \$5 a day when in session.

In fact, President McKinley has power to do everything in Porto Rico that George III tried to do to the American colonies.

PORTO RICO BLUNDER.

It Will Likely Prove Fatal to Many Republican Congressmen.

[Chicago Times-Herald, Rep.]

By a vote of 161 to 153 the House of Representatives has concurred in the Senate bill declaring Porto Rico a colony and establishing a 15 per cent. tariff wall between a territory of the United States and the rest of the Union. The bill also makes exceptions to the tariff on certain goods going into Porto Rico, denies Porto Ricans American citizenship and provides a civil government for the island.

None of the details of the bill have been discussed in the House, which on all the governmental features of the measure has abdicated its prerogatives as an independent branch of Congress.

Thus has been consummated under the party whip the most remarkable departure in Congressional legislation since the creation of the Electoral Commission. In spite of all that has been spoken and written concerning the Porto Rico tariff bill the mystery attending its birth and adoption by the Republican party is as impenetrable and inexplicable as ever.

The Times-Herald finds it impossible to discover any justification for the change in the policy of the Republican party in regard to Porto Rico. The tariff bill appears to have been passed in the vanity of assumed superior knowledge and opinion.

Political parties are saved or damned not by what they believe, but by what they do. In this matter the Republican leaders saw the right, "approved it, too, condemned the wrong, and yet the wrong pursue."

The constitutionality of the tariff bill

will be a matter for the Supreme Court to decide, its justice and the contempt of Congress for the popular will cannot be kept out of next November's election.

The question for Republicans to consider is, what justice should be meted out to party leaders who elevate party loyalty above national justice, duty and good faith, and seek to crush popular government beneath the brutal hoof of party organization.

The Republican party can survive this blunder committed in its name, but yesterday's work will prove fatal to many Republican Congressmen this fall.

THE recent rain was fine on the wheat and grain.

MAT TURNER, of Paris, has sold his farm of 260 acres near Ruddles' Mills to Wm. M. Jones, of North Middletown, for \$15,000.

DR. CHARLES SAVAGE sends the BULLETIN a copy of the Galena, Kan., Times which states that gold in paying quantities has been discovered within two miles of that city.

THE yellow flowers, "cups and saucers," were worse crippled this season than the writer has ever known them, although he has seen them covered with snow nearly all the time they were in bloom, during some springs.

THE many friends of Rev. D. D. Chapman will regret to learn he is to leave Maysville. After a faithful service of over twelve years, he has tendered his resignation as rector of the Church of the Nativity, and it has been accepted by the Vestry. A minister of marked ability, consecrated to his chosen work, he has won a host of friends in Maysville whose good wishes will follow him and his family wherever they may go.

CINCINNATI papers Monday contained an account of the tragic death of Col. Adolph Wood in a runaway at San Bernardino, Cal., where for the past nine years he was resident manager of the Arrowhead Reservoir Company's property. Col. Wood was driving a spirited team about the city during the afternoon when they ran off. He finally stopped the horses, but when others reached him he was found dead, but still sitting upright with the lines in his hands. He was subject to heart disease. Col. Wood was the step-father of Mr. Jones, who married Miss Bessie Thomas, of this city.

RIVER NEWS.

Virginia for Pittsburg and Speedwell for Portsmouth to-night. Down, Wells and Avalon.

The fast packet Urania is lying at the Marietta wharf in new paint and first-class repair.

Capt. Barrett has refused an offer of \$21,000 for the John Barrett, just off the Madison ways.

The Coney Island Company has closed a contract with Tom Hall for the season's supply of coal. It will take 100,000 bushels of nut and slack and 25,000 bushels of lump coal.

The City of Pittsburg on her last down trip made the run from Pittsburg to Cincinnati, 467 miles, in forty-seven hours, six hours faster than the regular packets' time. This included fifty landings.

Owners of packets have started a boycott on the town of Clarington, O., and hereafter no freight or passengers will be received for that place, as the boats refuse to land there. The town is without railroad communication, and the river affords its 1,000 inhabitants the only means of transportation. The trouble was caused by the Town Council passing an ordinance placing a yearly tax of \$20 on all steamboats that land at the new town wharf.

JUDGE FOR YOURSELF.

Which is Better—Try an Experiment or Profit by a Maysville Citizen's Experience.

Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back, A lame, weak or aching one, Would you experiment on it? You will read of many so-called cures. Endorsed by strangers from far-away places.

It's different when the endorsement comes from home.

Easy to prove local testimony.

Home endorsement is the proof that backs every box of Doan's Kidney Pills. Read this case:

Mrs. Joseph Wells, corner of East Second and Commerce streets, says: "I was under treatment for kidney trouble for six months without receiving the slightest benefit. Mr. Wells learned about Doan's Kidney Pills and procured them for me at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. The result of the treatment was almost beyond belief. It absolutely cured me. Praise beyond this simple statement would be weak indeed."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitutes.

Easter Gloves!

Soft, snug, comfortable, shapely. Comely gloves for daily wear, satisfactory for dress and service. Effective shades—smart tan, fashionable grey, dull, distinguished slate color and black. Going—and one dollar would leave no margin beyond value—at 69c. a pair. FOR FRIDAY ONLY. Easy to complete your Easter gown with stylish gloves at such a price.

PRETTY NECKWEAR.

To freshen the old gown or adorn the new. Pulley Collars in pastel stripes and white. No inner lining used in these dainty stocks, featherbone stiffening which gives welcome coolness for hot days. 75c. New line of Four-in-hands and Empire Scarfs. Beauties. 50c.

35c. LISLE STOCKINGS.

You can find hosiery at this price anywhere, but it's as easy to match blue with black as to match the quality measure we give, and if you don't know that it's because you fail to buy your stockings here. Try a pair of them—made of the smoothest Maco cotton with extra thickness in heels and toes. Rich deep black, true and fast through wear and washing.

DEATH'S HARVEST.

Mrs. Claude Clary of Shannon and Mrs. Beulah Wise of Stone Lick Join the Silent Majority.

The friends of Mr. Claude Clary, postmaster at Shannon, deeply sympathize with him in the loss of his wife. She died at 2 o'clock this morning after an illness of two months, of cancer of the stomach.

Mrs. Clary was twenty-five years of age, and was a daughter of Mr. and Mrs. J. W. Sullivan who live near Sardis. She was the last of a family of nine children.

The funeral takes place Wednesday morning at 10 o'clock at Shannon, Rev. John Holmes of Augusta officiating. Burial at Shannon.

MRS. BEULAH A. WISE.

Mrs. Beulah Wise, widow of the late William Wise, died at 11:45 o'clock last night at the home of her daughter, Mrs. Hecuba Sedden, near Stone Lick. Including Mrs. Sedden, she leaves eight children, the others being Mrs. Amanda Jones, of Cincinnati, Mrs. Ann Bullock and Mr. Henry A. Wise, of Texas, Mrs. Harriet Lowry, of Sardinia, O., Mr. John Wise, of Lewis County and Miss Kate and Mr. William Wise of this city.

The funeral takes place Wednesday at 2 p.m. at the residence of Mrs. Sedden. Burial in the Maysville Cemetery.

Mrs. Wise was a native of this city, her maiden name being Outten.

McILVAIN & HUMPHREYS, PARKER BUILDING, MAYSVILLE, KY.

IN SOCIAL CIRCLES.

Mrs. Dr. Davis and Miss Scott of Maysville Guests of Honor on Several Occasions the Past Week.

[Cincinnati Enquirer, Sunday.]

About the smartest events of the past week have been the entertainments furnished by Mrs. John Layton Shuff, of Avondale, to her Kentucky guests, Mrs. Dr. Davis and Miss Scott, of Maysville.

On Thursday evening they were complimented by a theatre party, given by Mrs. William Luther Davis. Friday evening Mrs. Shuff gave a most beautiful seven-handed euchre of four tables, and the guests were delightfully surprised at the dainty prizes. On Saturday night the hostess entertained with a dinner of twenty covers at her home. The guests at dinner included Mr. and Dr. Mrs. Clark Davis, Mr. and Mrs. Elliott Marfield, Mr. and Mrs. Dawson Blackmore, Mr. and Mrs. William Luther Davis, Mrs. Ditchen, of Covington; Miss Comstock, Miss Firestone, of Columbus; Mr. Poyntz, Mr. Perry and Mr. Will Hays, of Covington; Mr. Parker, of Louisville, and Mr. William A. Stewart.

Mrs. Davis and Miss Scott will see Viola Allen on Monday night, and on Tuesday Miss Scott leaves for Owensboro, Ky., to be a bridesmaid at the wedding of Miss Watkins. Miss Scott is one of Kentucky's handsomest women and has a host of friends in Cincinnati, who regret the shortness of her visit.

Mrs. Dr. Davis will remain some days longer.

RIDICULOUS.

Says Webb, in a Reported Interview With Him Concerning the Goebel Killing.

TERRE HAUTE, IND., April 14.—Gay S. Webb, who was represented in a sensational article in a local Republican paper a few days ago as saying that he saw the killing of Goebel and that Colonel Chin did the shooting, in a card to the public to-day denounces the interview as a tissue of falsehoods and misrepresentations, and describes the interview with him as absurd. Webb is a Republican. He saw the shooting from a window of the Kentucky House, and his account corresponds with that published at the time.

Mrs. A. C. RESPES, accompanied by her husband and sister, Mrs. Lutie Cartmell, leaves to-day for Dr. Johnston's Hospital, Cincinnati, where Mrs. Respess goes in hopes that her health will be restored. Her many friends sympathize with her and wish for her a speedy recovery.

RAY's Rainbow mixed paint is guaranteed pure. At Postoffice Drug Store.

A Full Confession!

OTHERS IMPLICATED.

I Think it Best the Public Should Know the Truth.

Therefore I will tell you about my Clothing for this season for men, youths and children. Twenty years selling good Clothing in Maysville, but I have never before had so nice a stock as I am showing now. I will not attempt to describe them. To appreciate you must see them, and that's what I want you to do. Whether you are contemplating a purchase or not, it is well worth your time.

We wish to call special attention to our Children's Clothing, which we are quite sure is the nicest ever shown in this city. We also do fine Merchant Tailoring in the latest and most approved manner, and our line of piece goods is something beautiful to look at. Our Men's Furnishing department is full and complete in every particular with the very newest, nicest and up-to-date stuff found in the market, and my prices are always the lowest, consistent with dependable goods. Respectfully,

J. WESLEY LEE,

N. E. Corner Second and Market Streets, Maysville, Ky. Dodson Building.

MORANSBURG.

Measles very prevalent here. Nine new cases and more expected.

A fine lot of hogs belonging to Mr. Thomas Keith passed through our burg last week.

Master Grover Louderbaek, who has been very ill with measles, is much better at this writing.

A valuable colt of Wesley Vicroy fell in a hole in the pasture and died from the injuries a few days later.

Tobacco must be looking up as we see buyers almost every day and some of our friends claim to have been offered pretty good living prices for the weed.

The Christian Endeavor Society meets every Saturday evening at Laurence Creek Church. Sunday school every Sunday evening, except church Sundays, then we have it just before service in the morning. Preaching every third Sunday by Elder Stoney, of the Christian Church, and Rev. W. S. Taylor, of the M. E. Church, every first Lord's day.

A Word to Women.

Any sick woman is invited to consult by letter with Dr. R. V. Pierce, Chief Consulting Physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. In an active practice of more than thirty years, assisted by a staff of nearly a score of associate physicians, Dr. Pierce has treated and cured over half a million women. All diseases peculiar to women are treated with success. Every letter is treated as strictly private and sacredly confidential. Answers are mailed promptly, giving the best of medical advice. All answers are sent in plain envelopes, bearing on them no printing of any kind. Write without fear and without fee to Dr. R. V. Pierce, Buffalo, N. Y.

EVERY man, woman and child is familiar with Mother Goose's nursery rhyme: "Humpty Dumpty sat on a wall, Humpty Dumpty got a great fall, All the king's horses and all the king's men Couldn't put Humpty Dumpty together again," which has been instilled in our minds since the days of childhood and now presented by Dickson & Mustard's great company in a manner surpassing all former efforts. The production, which will be seen here at Washington Opera House, Monday, April 23d, is possibly the most gorgeous and complete that our theatre-goers have had an opportunity of witnessing. Every scene is a beautiful picture, and every character will realize our earliest dreams of this wonderful fairy story. There is "Humpty Dumpty" and his "fall from the wall," old "One-Two" and his pretty daughter, "Goodie Two-Shoes," "Tommy Tucker who was late for his supper," the good Fairy Queen of Light and her nymphs, and the wicked fairy of darkness with her demons. These characters are brought together in the realm of fun and frolic and supply us with an evening's entertainment which is sure to please. Seats on sale Thursday morning, at Nelson's.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1. Trial bottles free at J. J. Wood & Son's drug store. Every bottle guaranteed.

—Miss Mary Hall, a pupil at Miss Armstrong's school, Cincinnati, has been spending the Easter holidays at home.

TELEGRAPHERS' STRIKE.

Reward Offered For the Author of a Threatening Letter.

Atlanta, April 16.—The Southern railway telegraphers' strike in this vicinity seems to be progressing satisfactorily to both sides. President Powell claims that the situation is encouraging, and the railway officials say they are suffering no inconvenience nor appreciable delays in the operation of trains. In his statement President Powell offers \$100 reward for the person, who, it is said, wrote a letter of warning to Mrs. J. S. B. Thompson, wife of Assistant Superintendent Thompson of the Southern, provided it is shown that a member of the order was implicated in its authorship. According to Mr. Thompson's statement, the letter threatened the life of himself and Mrs. Thompson.

Claims of Both Sides.

Chattanooga, Tenn., April 16.—So far as the four divisions of the Southern railway centering in this city are concerned, the strike situation is quiet. The operators claim a number of accessions to their ranks, and say their cause is increasing in strength every day. On the other hand the officials of the Southern railway state that trains are all on schedule time, and they are having no trouble.

Storm in Colorado.

Denver, April 16.—The rain and snowstorm which began Saturday night still continues, and is increasing in severity. It is accompanied by a gale. The storm covers the eastern parts of Colorado and Wyoming, the northern part of New Mexico and part of Kansas. Cherry creek, which enters the Platte river in this city, is on a boom and fears are entertained for the safety of Castlewood dam. The Plate is almost bankful and is rising rapidly.

Will Suffer Another Defeat.

[Providence Journal, Rep.]

If the Kentucky Republicans take their case to the Supreme Court of the United States, they will probably meet the same reverse there that they have sustained at the hands of the Court of Appeals at Frankfort. * * * The strength of the Democrats case lies largely in strict conformity to the letter of the law. Gov. Taylor may have had a plurality of the votes cast on election day—there is reason, indeed, to believe that he had—but he went too far in adjourning the Legislature to meet at an obscure mountain town in time of peace, and thus in practically availing himself of the last resort of all revolution. The only insurrection that existed at Frankfort when he adjourned the Assembly was that created by the Republicans themselves.

PERSONAL.

—Miss Corinna Clinkinbeard has returned from Columbus.

—General Secretary Baker of the Y. M. C. A. is visiting in Chicago.

—Rev. John Chapin, of Detroit, came in Monday to visit his parents, Rev. and Mrs. D. D. Chapin.

—Miss Agnes Dodson came in from Richmond to spend a few days with her parents, Mr. and Mrs. Joseph H. Dodson.

—Dr. H. E. Hewins, after spending a few weeks with his sister-in-law, Dr. Anna Hewins, has gone to Omaha, Neb.

—Prof. A. J. Anderson and wife, of Evansville, Ind., who were called to Manchester a week ago by the death of his mother, Mrs. Elizabeth C. Anderson, were in Maysville Monday en route home and called on the BULLETIN. Prof. Anderson formerly taught school in Chester, now the Sixth ward. His mother was eighty-seven years of age.

MR. G. D. McCARTY.

Death Claims a Former Resident of Mason County—Passed Away at Hustonville, Ky.

The many friends of Mr. G. D. McCarty in Mason County were shocked and pained to hear of his death, which occurred at Hustonville, Ky. He leaves a devoted wife and three loving sisters to mourn his death. He was a brother of Mrs. M. W. Coulter. A friend of Lexington pays the following tribute of respect:

Garrett McCarty passed peacefully to rest Friday morning, March 16th, 1900, at 7 o'clock. All knew him, and the number was not small, heard with deep regret the news of the death of dear friend Mac., as he was familiarly called, and many were shocked by its suddenness.

Only a few weeks ago, and seemingly a more perfect model of grace and manly strength could hardly be found, but death's untimely frost came when least expected and left a joyous, sunny home bereft of a tender, devoted husband, brother and friend.

Sorrowing ones, in his death is portrayed one of God's mysterious, yet painful lessons, and in this dark hour human sympathy and God's promises offer freely their consolation. I had known Mac. years ago, and one's true character comes out by intimate association, and by this intimacy have I found traits in his character admirable, lofty, generous and manly. A true, nobler, more genial man and friend I have rarely met, and when I meet again those friends of vanished years (his family) 'twill thrill me with sad, lingering regret for him we mourn today, for he will be sadly missed. Death came to him while yet the first tinge of blooming manhood had not been brushed by time, or blighted by adversities or worldly cares. His home life was beautiful and peaceful, surrounded by everything to make his happiness; a devoted Christian wife, who idolized him; gentle, loving sisters, nephew and nieces, which made up the sunshine of his life on earth, continued in glory by mother, father and other loved ones around the throne of God. His instincts were those of love and kindness. None knew better than he how to spread the veil of charity o'er the shortcomings of others. He was a useful citizen, full of bright attainments and future promises.

His death breaks the magic circle of sweet home love and kindred ties, and to his dear, heart-broken wife, family and friends I would say, let us trust that the "Great Ruler of the universe, who sees the end from the beginning and orders all things right," will strengthen and support you in your hour of sorrow.

One more soul is safely anchored.

In the harbor of the blest;

One more home left sad and lonely,

One more body laid to rest.

Till the final trump has sounded

And the graves give up their dead

There a golden crown is waiting

For each faithful servant's head.

Ah, that cruel death must sever

From our midst a friend so true;

Blessed Savior, in our anguish,

Let us turn and trust to you.

May we learn in thy sweet counsel

Ere the race of life be run,

To say, when in our deepest sorrow,

Thy will, O God, not mine, be done.

Wilt thou send a guardian angel

From the great White Throne above

Down to heal the broken hearted,

Down to tell them of Thy love.

May that angel point us upward,

Through a sea of golden light,

Where we'll see the one we grieve for

Safely at our Father's right.

Then sad hearts, cease thy weeping,

Trust, O trust, and faint no more;

A little while and you will join him

On that bright and shining shore.

CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of *Dr. H. Fletcher*.

Miss NELLIE HOOPER, aged fourteen, the talented daughter of Mr. and Mrs. Charles Hooper, of the West End, contributed the following in the Courier-Journal's rhyming contest last week, her verses ranking among the best offered:

There was a young lady named Ruth,

Exalted for her virtue and truth;

But her lisp was so bad,

That it made her quite sad,

When she wished to say Jew— to say Jewth.

She went every day in the month

To the baker to buy her a "bunth;"

Once a'man with a bear

And a rifle was there,

And she sighed, "I'm afraid of that gunth."

Many farmers are familiar with the big profit-sharing deal we made on WOVEN WIRE FIELD FENCE last Fall, and it is unnecessary to go into details of how we put dollars in their pockets by saving them the difference of what it would have cost had we bought in less quantities and later on when prices had greatly advanced. Having already sold so much of this fencing the past season, we hesitated about restocking heavily in this line, and a representative of the American Steel and Wire Company, on a recent visit to our house, found us unwilling to buy in large quantities. As a last inducement, to get a big order, he made us an offer, which we quickly accepted, that will enable us to sell this desirable fencing, for a short time only, at our former very low prices. In order to house this big invoice, which began arriving to-day, we have been compelled to rent another storeroom, though we already occupy two warehouses in addition to our regular establishment, which is packed and jammed from cellar to roof. We don't want to pay this additional rent any longer than it is absolutely necessary, and until the stock is considerably reduced we are willing to turn part of it into CASH at a small per cent. above cost figures—an inducement we may not be able to offer soon again we assure you. To those who are unacquainted with the
